**REQUEST FOR RECONSIDERATION OF THE PATENT
TERM ADJUSTMENT UNDER 37 C.F.R. § 1.705(d)**

Commissioner for Patents
P.O. Box 1450 – Mail Stop Patent Ext.
Alexandria, VA 22313-1450

Dear Sir:

A Notice of Allowance for the subject application was mailed on December 17, 2003, with a patent term adjustment under 35 U.S.C. § 154(b), as of that date, of zero (0) days. Applicants believe that the term should be reconsidered for the reasons explained below.

REMARKS

Applicants request reconsideration of the patent term adjustment under 35 U.S.C. § 154(b). A Notice of Determination of Patent Term Adjustment issued on December 17, 2003 with a term adjustment of zero (0) days (Exhibit A) as of the determination date. Applicants believe that they may be entitled to a patent term having 143 additional days. A check for the 37 C.F.R. § 1.18(e) fee is enclosed. Please charge any additional fee required or credit for any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of this Petition is attached.

The patent term adjustment for the subject application is calculated as shown below. Dates are specified based on the mail date stamped on the Office Action and on the date stamped on the returned post card (copies of which are attached at Tab B). This application is not subject to a terminal disclaimer.

1. Period of Adjustment under 37 C.F.R. §1.703(a)

The period of adjustment under 37 C.F.R. §1.703(a) is the number of days in the period beginning on the day ("the 14 month date") after that date that is fourteen months after the date on which the application was filed under 35 U.S.C. § 111(a) and ending on the date of mailing or either an action under 35 U.S.C. § 132 or a notice of allowance under 35 U.S.C. § 151, whichever comes first. The present application was filed on June 19, 2000. The 14 month date specified in 37 C.F.R. § 1.703(a) is August 19, 2001. The first PTO action in the matter was mailed on October 3, 2001. The difference between

the 14 month date and the date of mailing of the Office action of October 3, 2001 is 45 days.

2. Period of Adjustment under 37 C.F.R. §1.703(b)

The period of adjustment under 37 C.F.R. §1.703(b) is the number of days in the period beginning on the day ("the 3 year date") after the date that is three years after the date on which the application was filed under 35 U.S.C. § 111(a). The present application was filed on June 19, 2000. The 3 year date specified in 37 C.F.R. §1.703(b) is June 19, 2003. The patent is expected to issue 28 weeks after the Notice of Allowance date of December 17, 2003. The difference between the 3 year date and the projected issue date is 181 days.

3. Reduction in Period of Adjustment under 37 C.F.R. §1.704(b)

With respect to the grounds for adjustment set forth in 37 C.F.R. § 1.703(a)-(e), an applicant is deemed to have failed to engage in reasonable efforts to conclude processing or examination of an application for the cumulative total of any periods or time in excess of three months that are taken to reply to any notice or action by the Office. Any such three month period is measured from the date the notice or action was mailed to the applicant. The period of adjustment set forth in 37 C.F.R. § 1.703 shall be reduced by the number of days beginning on the day ("the 3 month date") after the date that is three months after the date of mailing of the Office communication.

a. First Reduction

In the present application, a non-final rejection was mailed on October 3, 2001. The 3 month date to respond to the Office Action this communication was January 3, 2002. A Response to this non-final rejection was mailed, with a certificate of mailing, on February 4, 2002 and the date stamped return post card indicated receipt on February 14, 2002, so the reduction in period of adjustment under 37 C.F.R. §1.704(b) is 42 days.

b. Second Reduction

A non-final rejection was mailed May 21, 2002. The 3-month date to respond to this Office Action was August 21, 2002. A Response to this non-final Office Action was mailed, with a certificate of mailing on August 21, 2002 and the date-stamped return post card indicated receipt on August 27, 2002. The reduction in period of adjustment under 37 C.F.R. § 1.704(b) is 6 days.

c. Third Reduction

A non-final rejection was mailed November 14, 2002. The 3-month date to respond was February 14, 2003. A Response was mailed with a Certificate of Mailing on February 14, 2003, and the date-stamped return post card indicated receipt on February 21, 2003. The reduction in period of adjustment under 37 C.F.R. § 1.704(b) is 7 days.

d. Fourth Reduction

A final rejection was mailed on May 28, 2003. The 3 month date to respond to this Office Action was August 28, 2003. A Response to this non-final rejection was

mailed, with a certificate of mailing, on September 23, 2003 and the date-stamped return post card indicated receipt on September 25, 2003. An Advisory Action was mailed October 9, 2003 and a supplemental response was mailed, with a certificate of mailing, on November 19, 2003 and the date-stamped return post card indicated receipt on November 24, 2003. The reduction in period of adjustment under 37 C.F.R. §1.704(b) is 83 days (May 28, 2003 through November 24, 2003).

4. Total patent term adjustment

For the present application, the total patent term adjustment under 37 C.F.R. § 1.703(f) is the period of adjustment under 37 C.F.R. §1.703 reduced by the reduction under 37 C.F.R. §1.704. The total adjustment is thus the sum of 45 days and 181 days, less 128 days = 98 days.

Applicants respectfully request reconsideration of the patent term adjustment for this patent. Office personnel are invited to contact the undersigned attorneys for the Applicant via telephone if such communication would expedite this request. Because the error in computation of the patent term extension appears to have arisen from the USPTO, the Applicants respectfully request that the petition fee be waived.
